Astute Smart Range

CBI electric
low voltage

The CBI Astute Range is a range of energy monitoring, scheduling and control devices with load management and automation capability. The CBI Home App enables the user to configure these devices to react to current, voltage, time, power and many other variables or a combination thereof. The CBI Astute Range of products can be used to remotely control and monitor pool pumps, lights, geysers, etc.

CBI Home App available on the App Store or on Google Play

Please note: Clients using a Mikrotik router need to follow special instructions

Switching capability of 30 A
- highest on the market!

Wi-Fi with internet connection
- the only requirement for you
to control your devices from
anywhere

No hub required
- no hidden costs

- Program schedules
- Allows weather conditions switching automation
- Energy management automation

- Program schedules
- Energy management automation
- Allows for remote switching

Applications

CBI Home App

- App driven on smart devices
- Sends offline notifications
- Allows remote switching of multiple devices
- Sends notifications on switching schedules
- Allows for energy consumption monitoring
- Allows for multiple device automation

- Program schedules
- Energy management automation
- Allows for remote switching

- Security
- Allows sunset / sunrise switching automation
- Program schedules
- Allows for remote switching

- Program schedules
- Pool light remote control
- Allows for over / under current protection
- Allows for over / under voltage protection
